HEALTH CONTRACT AND AGREEMENT FOR RAGDOLL CAT

Purchase Date: _____	Price: _____
Purchaser: _____	Kitten's DOB: _____
Address: _____	Kitten's Sex: _____
City: _____	Color/Pattern: _____
State: _____ Zip: _____	Pet/Show Breeder: _____
Phone: _____	Sire: _____
	Dam: _____

Guarantee:

1. The seller guarantees that the above kitten is free of FeLV (Feline Leukemia Virus), and FIV (Feline Immunodeficiency Virus of Feline AIDS).
2. The seller will have all age appropriate vaccinations completed on the kitten at time of pick up.
3. If your kitten or cat described above dies within three years of purchase date due to hereditary or congenital defects, the seller will replace the kitten or cat when proof of the defect in the form of a complete autopsy report from a licensed Veterinarian other than the veterinarian who was treating the cat at the time of death is received by the seller. Speculation on cause of death will not substitute for a complete, independent autopsy. _____ (initial)
4. If the seller replaces any kitten or cat for any of the reasons described above, the seller is not obligated to replace the exact color or pattern, although the seller will try. The seller is not obligated to replace the kitten or cat for any other reason other than those stated in this contract. There will be no cash refunds.
5. The purchaser agrees to take the kitten or cat to a veterinarian within 72 hours of pick up in order to insure the health of the kitten at time of possession.
6. The purchaser agrees to have the kitten fixed as stated below. Males and females should be altered at 5 to 7 months. It is the buyers responsibility to supply proof of altering, by certified mail if necessary. If the kitten is not fixed by 7 months of age, the purchaser owes the difference of $1000 to make the kitten a breeding cat. I give my permission to have my credit card charged $1000 when my kitten reaches 7 months old if I have not supplied proof of altering my kitten by that time. For this kitten the altering papers must be returned to Anna's Aristocat Ragdolls LLC by _____, at which point the credit card will be charged. If my credit card is charged, then I show proof of having altered the kitten between 5-7 months of age, a $50 processing fee will be charged. Please consult your veterinarian. The seller will supply registration papers upon request after receiving a report from the purchasers veterinarian proving that the cat has been altered. _____ (initial)
7. The purchaser agrees to not vaccinate for FIP, as a FIP vaccine will void the health guarantee.
8. All purchasers having their kittens shipped must return this form signed within 2 weeks of receiving the kitten or this health guarantee will be void.
